A Bookworm's View

Meg Cabot's "Insatiable" and the sequel "Overbite" are two chick-lit books with bite.

This series may appeal to fans of Charlaine Harris, Mary Janice Davidson, Stephenie Meyer, and Darynda Jones because of the supernatural elements and satirical sense of humor.

Meena Harper is a psychic who uses her gift to try and prevent the deaths of others. She ends up in one paranormal adventure after another as she teams with a vampire hunter intent on destroying the man she loves. Fun to read. – Anon IX

The Library Receives Electronic Adjustable Computer Table for Patrons With Disabilities

The Library recently received an adjustable - height computer table through an LSTA (Library Services and Technology Act) grant processed through Wisconsin Valley Library Service (WVLS) in Wausau. The table has an electronic switch which raises and lowers the work surface, providing a great improvement in library accessibility to persons with disabilities. A large-print keyboard and large screen monitor are available on the table. The Demmer Library is a member of WVLS, and greatly appreciates their help in obtaining this LSTA grant-funded table.

FAMILY HISTORY MONTH @ THE DEMMER LIBRARY

Senator Orrin Hatch of Utah wrote, "By searching for our roots, we come closer together as a human family." In 2001, he proposed a resolution to Congress to declare October of each year as Family History Month.

The Demmer Library celebrates Family History Month in October by working with the Three Lakes Genealogical Society to hold a Lock-in for members and any other people interested in genealogy and family history research. After the library doors are locked, family history enthusiasts gather for an evening of uninterrupted research and access to the online and print resources available at the Demmer Library. These resources include free use of the subscription based Ancestry.com (Library Edition), Heritage Quest.com, and NewspaperArchives.com. The Demmer Library also has many excellent print resources for genealogy researchers. They are shelved in the Local History Room and all are encouraged to check them out. During October, a sampling of these resources will be on display across from the circulation desk. Listed below are some of the getting started genealogy books available @ the Demmer Library.

How to Do Everything Genealogy, second edition, by George G. Morgan

The Complete Idiot's Guide to Online Genealogy, second edition, by Rhonda McClure

The Companion Guide to Family Tree Maker 2011, by Tana L. Pedersen

Organizing Your Family History Search, by Sharon DeBartolo Carmack

The Genealogist's Question & Answer Book, by Marcia Yannizze Melnyk

Genealogy Online for Dummies, 5th edition, by Matthew L. Helm and April Leigh Helm

Unpuzzling Your Past, by Emily Anne Croom

My Family Tree Workbook : genealogy for beginner, by Rosemary A. Chorzempa (this is shelved in the YA section of the library, but is an excellent resource for anybody just starting their genealogy research.)
