## A Bookworm's View

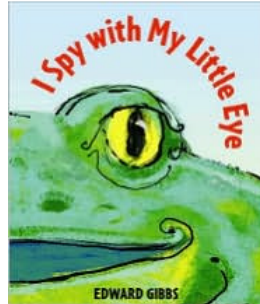

Historical events combined with adventure and mystery are all elements artfully described by Jeffrey Archer in his new novel, "Only Time Will Tell." Five year old Harry Clifton's father dies in an unspeakable shipyard accident for which only one person is ultimately responsible. This is only the beginning of Harry's life of a series of bewildering consequences that will be revealed to be connected and interwoven throughout his remarkable search for success, love and the truth surrounding his father's death. The suspenseful, surprise ending will literally keep you waiting for the release of the sequel... "The Sins of the Father" due next year!

## LAWRENCE E. DEMMER 1921-2011

Our condolences go out to the family of Larry Demmer, who died October 9, 2011. Larry and his mother, Mae, were instrumental in building our Demmer Library in memory of his father, Edward U. Demmer.

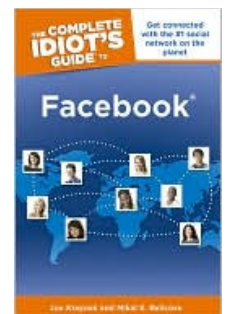

In 1971, the Edward U. Demmer Foundation agreed to build a library in Three Lakes so that the families of Three Lakes could have access to the resources that would allow for life-long learning. Over the years, Larry continued his interest in the library by stopping in to chat when he was at his home in Three Lakes. He was a man of varied interests as detailed in his obituary which appeared in the October 12, 2011 issue of The Three Lakes News.

We, at the Demmer Library, appreciate all that he and his family and the Edward U. Demmer Foundation have done and continue to do to support the Demmer Library and life-long learning in our community. He will be missed.

## Demmer Library belongs to the WVLS - What is WVLS?

A Consortium of North-Central Wisconsin Libraries

The purpose of the Wisconsin Valley Library Service (WVLS) is to provide improved library services to residents of their service area. The WVLS service area covers 7,360 square miles including the north central Wisconsin counties of Clark, Forest, Langlade, Lincoln, Marathon, Oneida and Taylor. The WVLS Board encourages planning and development of programs with other types of libraries in the system area to assure effective use of all area library resources. It includes improvement of library services through interlibrary loan and in-service training programs and increased cooperation between all libraries in the system, with access to the total library resources of the state.
