

Financial Goals

This option for meeting the future needs of library services was chosen because it is a relatively modest option for meeting the needs of the community for at least the next twenty years.

Achieving this vision will take a community effort. The goal of our campaign is to raise \$2.6 million.

We have a great start on this goal with a substantial \$400,000 donation from the Lawrence Demmer Estate.

We will be seeking to meet this goal by soliciting:

- Private Donations
- Corporate Donations
- Public Grants
- Trust and Foundation Funding
