

# Greenfire Management Services Weekly Update

Edward U. Demmer Memorial Library

**GREENFIRE**  
— BUILDERS OF THE FUTURE —

Update Week of December 17, 2018

A look at the Circulation Desk soffit with its wood veneer cover piece. A bottom trim piece will be installed later to finish the look.

Fire protection extinguishers are located in the upper and lower levels. Fire protection sprinklers are ready for final testing.

Ceiling tile is finished in lower level.

A look at the West entrance shakes. The West side of the building exterior siding is finished.

Another look at the aesthetically pleasing hearth. The mantel piece came from Kwaterski Bros. Wood Products of Eagle River.

Construction crews are in the process of sealing the floor in the YA room in order to correct floor level on existing concrete slab.

Overall look at the West side of the building.

## Week Ahead

Coming up this week, the lower level carpet will be completed. On the upper level, the ceiling tile will be finished along with wood veneer. Final cleaning of the interior will begin this week and will continue up until final completion of the project and turnover.
